

SCOTLAND BOARD OF EDUCATION
Board Policy

School-Community Associations

The Board considers school-community groups such as Parent-Teacher Associations or Parent-Teacher Organizations to be integral parts of the school community which can promote better educational programs.

The board of education encourages active support of, and cooperation with, school-community associations or organizations by teachers and other employees.

Among the many services which such associations can offer, the board of education especially encourages support for parent/citizen volunteer programs in our schools in keeping with the philosophy and purpose of the school and subject to the approval of the administration.
