

SCOTLAND BOARD OF EDUCATION
Board Policy

Promotion/Acceleration/Retention

The Board of Education is dedicated to the best total and continuous development of each student enrolled in its school. Therefore, the District will establish and maintain the highest standards required for each grade and monitor student performance in a continuous and systematic manner. The administration and faculty shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion requirements are met. The decision to promote a student to the next grade level shall be based on demonstrated and assessed successful completion of the curriculum, attendance, performance on the CMT statewide assessments and other testing instruments. Any necessary retention should take place as early in a student's educational career as possible.

In all cases of promotion or retention, the parent/guardian is to be fully involved and informed throughout the promotion/retention decision-making process. Parents will be notified as early as possible that retention is being considered and except in very unusual circumstances, no later than March 15. The Principal shall be responsible for making the final decision as to retention and assignment.
